## OUR STORY

AGRO GREEN is a family-owned company that owns its farms, production plant & Cold stores. Fathers started family business since 2000 at the Egyptian market with determination to succeed then sons came after to complete what fathers started by using the latest technology, professional engineers, experienced technician and skilled workers. From our farms we taste the fresh vegetables and fruits so we work hard to make our frozen and in brine products clean, tasty and natural without additives or preservatives. Our products are your Foods so we process by IQF METHOD ( Individual Quickly Frozen ) strictly committed with the highest world standard of : ISO 22000 & OHSAS 18001 including HACCAP standards

## OUR VISION

Become one of the best food companies that provide safe, healthy, fresh and delicious food.

## OUR VALUES

TEAM WORK  
CUSTOMER FOCUS  
EXCELLENCE  
RESPECT FOR PEOPLE

## OUR MISSION

Make our consumers satisfied and never let them forget the taste of fresh food.

## CERTIFICATES

# ARTICHOKES

Agro Green is the land of Artichokes as we are one of the Egyptian biggest artichokes growers and we have a factory located in the middle of the only area which specialized in processing artichokes .

Our processed fresh artichokes for export are characterized by their long shelf life and highest quality as we process artichokes from our farms and trusted farmers with no preservatives or Chemical additives .

Our Artichoke is produced by the Egyptian method, in which the color of the artichoke is white.

Manufacturing is carried out in two methods

IQF Artichokes .

Artichokes In Brine .
